

# Give It Away

Johnny Cash

Well I woke up this morning I had something on my face  
It was still there when I brushed my teeth still there when I s  
haved  
I showed it to my neighbor and he broke into a grin I gave it a  
way I gave it away  
Smiles don't cost money give it away give it away  
Maybe all you have is just a kind word you can say give it away  
give it away  
I woke up this morning with a song in my heart  
I hummed it all through coffee and it gave my day a start  
I took my song to work with me and I sang it for my friend  
I gave it away I gave it away  
Yes Jesus loves me give it away give it away  
Maybe all you have is just a kind word you can say give it away  
give it away

Don't think people do not care I know they care a lot  
Don't be bashful of somebody give it all you've got  
Understandin' means more than you ever thought it could to give  
it away give it away  
Love someone sometime give it away give it away  
Maybe all you have is just a kind word you can say give it away  
give it away  
Give it away give it away
