

No Expectations

Johnny Cash

Come and take me to the airport
Come and bore me on that plane
Cause I've got no expectations
To ever pass this way again

Well once I was a rich man but now I am so poor
Never in my weary life have I felt like this before
Your love is like a diamond and you cast your pearls to swine
And as I see you leavin' me it drags my peace of mind

Come and take me to the airport
Come and bore me on that plane
Cause I've got no expectations
To ever pass this way again

Your love is like the water
It's sparking on the stone
Your love is like the music
First it's here and then it's gone

Come and take me to the airport
Come and bore me on that plane
Cause I've got no expectations
To ever pass this way again

Come and take me to the airport
Come and bore me on that plane
Cause I've got no expectations
To ever pass this way again
