## **No Expectations**

## **Johnny Cash**

Come and take me to the airport Come and bore me on that plane Cause I've got no expectations To ever pass this way again

Well once I was a rich man but now I am so poor

Never in my weary life have I felt like this before

Your love is like a diamond and you cast your pearls to swine

And as I see you leavin' me it drags my peace of mind

Come and take me to the airport Come and bore me on that plane Cause I've got no expectations To ever pass this way again

Your love is like the water
It's sparking on the stone
Your love is like the music
First it's here and then it's gone

Come and take me to the airport Come and bore me on that plane Cause I've got no expectations To ever pass this way again

Come and take me to the airport Come and bore me on that plane Cause I've got no expectations To ever pass this way again
