

Oh What A Good Thing We Had

Johnny Cash

Sunshine and showers and everything comin' up daisies
Oh what a good thing we had gone bad oh what a good thing we had

Driveins and picnics and every day was Saturday
Oh what a good thing we had gone bad oh what a good thing we had

The whole wide world was jealous we wouldn't hear a thing they'd tell us

Never did need any money everything was milk and honey
Oh long walks by the river talkin' bout living together
Oh what a good thing we had gone bad oh what a good thing we had

Long weeks of waitin' and livin' for the day we marry
Oh what a good thing we had gone bad oh what a good thing we had

Happiness and laughter we found everything we were after
Oh what a good thing we had gone bad oh what a good thing we had

The whole wide world was jealous...

Oh what a good thing we had gone bad oh what a good thing we had
