

## Port Of Lonely Hearts

Johnny Cash

A ship came in but it was empty  
And it sailed back out to sea again  
Now there's the sail on the horizon  
And now I wait until your ship comes in

And I'll be waiting in the port of lonely hearts  
Watchin' for your topsail on the sea  
Prayin' that my ship of love will come  
To the port of lonely hearts where I will be

I'll brave the storm until you're with me  
'Cause the wind and rain can't change a love that's true  
I'll be alone until you anchor  
And then I'll leave this lonely port with you

Till then I'm waiting in the port of lonely hearts  
Watchin' for your topsail on the sea  
Prayin' that my ship of love will come  
To the port of lonely hearts where I will be
