Johnny Cash

1. Southwind

You picked her up in Jacksonville  
And left me cold and lonesome in the rain  
Southwind  
You took her off to Nashville  
Left me chokin' in the smoke behind the train  
And you go whoooo-wooo-hoo  
She's gone again on the Southwind.

2. Southwind

I need a forty-dollar ticket  
And about this time tomorrow I'll be gone  
Southwind  
But if I had forty dollars  
I would buy myself a smile to carry on  
And you go whoooo-wooo-hoo  
She's gone again on the Southwind.

3. Southwind

Take her fast and take her far  
'Cause that's the way she always likes to go  
Southwind  
I will be waitin' for the round trip  
If you'll bring her back and I done told her so  
Don't you go whoooo-wooo-hoo  
She's gone again on the Southwind.
