To love you so and still not have you will destroy me in time So I'm goin' away where nobody knows me and get you off of my m ind

I've packed my things a dozen times but unpack is all I do Yes I'm still in town still around and still in love with you

I made it to the edge of town and turned around
I made it to the bridge downtown by my nerve let me down
I tried to go but how can I leave when all roads lead to you
Yes I'm still in town still around and still in love with you

I made it to the edge of town and turned around
I made it to the bridge downtown by my nerve let me down
I tried to go but how can I leave when all roads lead to you
Yes I'm still in town still around and still in love with you
