

# The Devil To Pay

Johnny Cash

1. Go on, girl, take your chances  
See how long you can go on from man to man  
I can read the lines between your stolen glances  
And I know it's time to fold this losing hand  
'Cause you're drawn to the flame  
By the thrill and the shame  
Of the cheating game they taught you how to play  
You've got nothing to lose but your soul girl  
And you've still got the devil to pay

R: You've been flying so high you don't know that you're blind to the  
writing- on the wall  
But someday you'll look down & you'll find you've got no place to  
fall  
When the bright lights are gone  
You'll be standing alone  
Forsaken in the naked light of day  
Then you'll know that it's all over but the dying  
And you've still got the devil to pay.

2. Join your friends, while you got 'em  
'Cause you know you're getting fewer every day  
You can't wait to let them take you to the bottom  
And I'm getting tired of standing in your way  
But when you hit the ground  
Don't go lookin' around  
For the pieces of the love you threw away  
That's the price of the high life you're livin'  
And you've still got the devil to pay.

R: You've been flying so high you don't know...
