

Time Changes Everything

Johnny Cash

Time has passed I've forgotten mother nature does wonderful things

I thought nothing could stop me from loving you but time changes everything

You can change the name of an old song rearrange it and make it swing

I thought nothing could stop me from loving you but time changes everything

Goodbye goodluck may God bless you I don't say I won't love again

I guess that it's true for me and for you that time changes everything
