

# Lost and Found

Johnny Flynn

Reams of stories reeled me in  
Caught my ear and hooked my chin  
A Friday dinner, a fish-drunk sinner  
Pull me down or put me in

Just a lonely radio  
Just a makeshift show and tell  
Playing out the lives of the lost and found

Give me faith and give me love  
Afaining from the clouds above  
The sea below lent strings to bow  
If I can't jump just push and shove

Just a lonely radio  
Just a makeshift show and tell  
Playing out the lives of the lost and found

Ah-ah-ah  
Ah-ah-ah  
Ah-ah-ah

I'll be in a happy one  
A lucky running changing sun  
A lost and found, a newest sound  
Bullet from a golden gun

Just a lonely radio  
Just a makeshift show and tell  
Playing out the lives of the lost and found

Here I lie a-dying in bed  
It's time for me and death to wed  
I'll taste the loam, onto the loam  
With a breath my body's dead

Just a lonely radio  
Just a makeshift show and tell  
Playing out the lives of the lost and found

Ah-ah-ah  
Ah-ah-ah  
Ah-ah-ah  
Ah-ah-ah  
Ah-ah-ah
