

# Love In An Elevator

Johnny Gill

Yeah, I wanna do whatever you want to

Let's make love (Yeah, yeah)  
Love in an elevator (Yeah...oh...)  
There's no feeling greater  
Than moving up and down (Let's make love)

(Oh...oh...)  
There's no feeling greater  
Than moving up and down

Please understand as I convey my mind  
I feel bad each time  
That you reach for a fantasy  
Ooh...oh...oh...

Like The Staples, I wanna take you there  
Suspended in the air  
I don't care which floor you press  
Just as long as you express love

(2x)  
Let's make love  
Love in an elevator (There's no feeling greater, yeah...)  
There's no feeling greater  
Than moving up and down (Let's make love)

If you take a walk with me  
Through the windows of my soul  
I can show you many things  
Stories that haven't been told

And what about an episode in the elevator, oh, yeah  
We can press Emergency, stop

(2x)  
Let's make love (Whoa...)  
Love in an elevator  
There's no feeling greater (There's no feeling greater)  
Than moving up and down (Than moving up and down)

They say there's no luck on the 13th floor  
But I found love and so much more  
Let's make in the elevator  
I wanna feel you  
We can go up and we can go down  
From the 1st to the 5, 6, 7, 8, 9  
I can do you till you scream, "My, my, my, my"

(2x)  
Let's make love (Let's make love)  
Love in an elevator (Let's make love, baby)  
There's no feeling greater (It's gonna be nice and sweet, yeah)  
Than moving up and down (We're gonna up and we're gonna move on)

We can go up and we can go down  
Ooh, we're gonna take it nice and slow, yeah

We can go up and we can go down  
Ooh, said it's gonna feel so good

We can go up and we can go down  
Anyway that you want it, anyway that you need it, oh...oh...oh...  
There's no feeling greater  
Than moving up and down

I-yi-yi-yi-yi-yi  
See, it feels so good, you got me sayin' I  
I-yi-yi-yi-yi-yi  
I, come on

There's no feeling better than the way that you move, yeah, yeah  
Oh, yeah, yeah  
Oh, yeah...oh...oh...oh...

Let's make love  
Love in an elevator (Come on)  
There's no feeling greater (There's no feeling greater, yeah...yeah...)  
Than moving up and down
