

# Super Love

Johnny Gill

Super love  
We go together like a hand in glove  
Me and you, yes, we do, girl  
Super love  
You're like an angel from up above  
Who came down to see me through, yeah

Super love  
The things you do and the way you talk  
I never knew someone like you, no  
Super love  
And you're the only one I'm thinking of  
You and your super love, girl

Pretty little thing  
You make my heart sing  
Sweet songs of love and laughter  
Came into my life  
Made my wrongs all right  
And now you're all that really matters

When I look at you  
Deep inside I know  
Girl, your manner is so mellow  
When you look at me  
Honey, can't you see  
You make me one happy fellow

Super love  
True happiness surrounds us, yes, it does  
Because of you I'm never blue, no  
Super love  
You lift my sadness into fun  
Baby, thanks to you it's

Super love  
You're like a flower into dove  
You're too good to be true, yeah  
Super love  
You're the only one I'm thinking of  
You and your super love, girl

Girl, I would not lie  
Not a day goes by  
That you're not on my mind  
Honey, if you leave  
I would surely grieve  
For what would be a long, long time

My heart skips a beat  
Each and every time we meet  
That flame keeps burnin' higher  
Up so high that I can touch the sky, girl

Hee...ooh...  
I could touch the sky, girl, yeah, yeah

Super love, yeah  
Super duper, super duper love, babe  
Super love, yeah  
What can I say, you blow me away

Super love, yeah

Super love, woo  
Super  
Super love, woo  
What can I say, you-you-you-you-you-you-you-you-you-you

Super love, woo  
With your super love, baby, with your super love  
Super love, woo  
Super love, super love, baby, super love, super love

Super love, woo  
Super love, baby, super love, baby, super  
Super love, woo
