

I Love You Baby

Johnny Horton

I love you baby, I don't mean maybe
You drive me crazy
Well, I'm begging you on my hands and knees
Keep a loving me, baby please
I've been with you both night and day
Even while your away
Yeah, I love you so much inside it hurts
Even though it's your heart that flirts
I love you, baby, I don't mean maybe
You drive me crazy
Sometimes you say you don't love me
How do you think I feel?
My poor heart would surely break
If I knew your love's not real
Well, I'm begging you on my hands and knees
Keep a loving me, baby please
I love you baby, I don't mean maybe
You drive me crazy
I love you baby, I don't mean maybe
You drive me crazy
Sometimes you say you don't love me
How do you think I feel?
My poor heart would surely break
If I knew your love's not real
Well, I'm begging you on my hands and knees
Keep a loving me, baby please
I love you, baby, I don't mean maybe
You drive me crazy
I love you, baby, I don't mean maybe
You drive me crazy
I love you baby, I don't mean maybe
