Johnny Horton

I love you baby, I don't mean maybe You drive me crazy Well, I'm begging you on my hands and knees Keep a loving me, baby please I've been with you both night and day Even while your away Yeah, I love you so much inside it hurts Even though it's your heart that flirts I love you, baby, I don't mean maybe You drive me crazy Sometimes you say you don't love me How do you think I feel? My poor heart would surely break If I knew your love's not real Well, I'm begging you on my hands and knees Keep a loving me, baby please I love you baby, I don't mean maybe You drive me crazy I love you baby, I don't mean maybe You drive me crazy Sometimes you say you don't love me How do you think I feel? My poor heart would surely break If I knew your love's not real Well, I'm begging you on my hands and knees Keep a loving me, baby please I love you, baby, I don't mean maybe You drive me crazy I love you, baby, I don't mean maybe You drive me crazy I love you baby, I don't mean maybe
