

## She Knows Why

Johnny Horton

I have a story I'd like to tell  
broken heart's knowin' only too  
well  
And she knows why I feel the way I do  
She gave me all her love and then she took it away  
blue sky has  
turned to a solid grey  
And she knows why I feel the way I do  
Well I know I'm a walkin' down the lovesick trails  
been walked  
down by many before  
But when she sees my side of tracks she'll know  
I've learned the  
score  
I'll pick my tears put 'em on the shelf  
keep my heartaches to myself  
Cause she'll know why I feel the way I do  
[ guitar ]  
When she finds somebody new then he'll find out  
what I went through  
Cause she knows why I feel the way I do  
She gave me her love and then she took it away  
blue skies had turned  
to a solid grey  
And she knows why I feel the way I do  
Well I know I'm a walkin'...
