

## The Woman I Need

Johnny Horton

Oh, the woman I got is sweet indeed  
But the woman I got ain't the woman I need  
'Cause the woman I need she gotta want a big time  
Gotta be like me and have a honky tonk mind  
If this fits you don't sit there lookin'  
Jump over here we'll start things a-cookin'  
The night's still young and there's plenty of time  
To demonstrate the powers of a honky tonk mind  
Well, there's one thing wrong with every girl I know  
When midnight comes, hey, they all gotta go  
Well, it just gets started and I wanta unwind  
Gotta find me a girl with a honky tonk mind  
Hey, if this fits you don't sit there lookin'  
Jump over here we'll start things a-cookin'  
The night's still young and there's plenty of time  
To demonstrate the powers of a honky tonk mind  
If this fits you don't sit there lookin'  
Jump over here we'll start things a-cookin'  
The night's still young and there's plenty of time  
To demonstrate the powers of a honky tonk mind
