

# European Me

Johnny Marr

(Verse)

Now there is no turning back,  
Once gone, it traces impact.  
Watch out, there's no changing,  
A white light, right crawl out  
Watch out the sun-covered track.

(Pre-Chorus)

Way before we seen it short come  
The where that is a bad life,  
And losing an empty station  
We can be safe from this

(Chorus)

Free, free, free  
I was outside, now still got a place to go.

(Verse)

Way before we've seen it short come,  
Nowhere, but it's a bad life,  
You're losing an empty station  
Again, we get a pass back,  
And if she want, always wanna come back.

(Chorus)

Free, free, free  
I was outside, now still got a place to go.

(Verse)

Way before we've seen the short come,  
Nowhere, but it's a bad life,  
You're losing an empty station.  
We can be safe and look

(Chorus)

Free, free, free  
I was outside, we still got a place to go.
