

Day Dream

Johnny Mathis

Day dream
Why do you haunt me so?
Deep in a rosy glow
The face of my love you show

Day dream
I walk along on air
Building a castle there
For me and my love to share

Don't know the time
Lordy, I'm in a daze
Sun in the sky
While I moon around, feeling hazy

Day dream
Don't break my reverie
Until I find that she
Is daydreaming just like me
