

## Deep Purple

Johnny Mathis

Mother natures been good to me  
Thats why I'm sittin' in this cherry tree  
But it's alright, it's alright  
It's not so bad, I'm just a touch away

The shady lady from shady lane  
Is lying in my bed again and it's alright  
It feels good, it's not so bad  
When she's just a touch away

Nothing much is all I ask  
And it's alright, okay, yes  
Light as a feather, oh, yes

Like a rosebud when the sun is high  
She opens up before my eyes  
And the light falls on her wet skin  
It's alright, I'm just a touch away

Nothing much is all I know  
And it's alright, oh, yes  
Light as a feather  
And just a touch away

Put a finger to her lips again  
She cries with pleasure  
Cries with pain and it's alright  
It feels good, it's not so bad  
We're just a touch away

Nothing much is all I know  
Not too fast, not too slow  
And it's alright, soft as a feather  
And just a touch away
