

I Love My Lady

Johnny Mathis

I know a phrase
hear when I say
I Love my Lady
I Love My lady

the love of my life
and the twinkle in my eye
anything
she wants I try and get to her
there's no guarantee
that our love will succeed
but I'm so optimistic
I just believe

The fragrance
of a rose always lingers
and
surrounds her
everywhere she goes
I can't say that she's perfect
cause that's not
good enough
it will just have to do
to say she's loved

My Lady let's go...

I love my Lady
I love my Lady

I know that I love her so
I know I love her so

the world can be our playground
I'm going to start the count down
cause my baby gives me everything that she's got
I love it in my heart
I love her a lot.
