It Could Happen to You

Johnny Mathis

Hide your heart from sight, lock your dreams at night It could happen to you Don't count stars or you might stumble Someone drops a sigh and down you tumble Keep an eye on spring, run when church bells ring It could happen to you All I did was wonder how your arms would be And it happened to me Keep an eye on spring, run when church bells ring It could happen to you All I did was wonder how your arms would be And it happened to me
