

It's Gone

Johnny Mathis

It's a mystery I cannot explain
All it feels I got are heartaches and pain
Since she's gone, gone, gone, gone, baby's gone
I wonder, wonder, wonder
Where she's gone, gone, gone, gone, baby's gone

I can't sleep at night, got no appetite
Everything is wrong that used to be right
Since she's gone, gone, gone, gone, baby's gone
I wonder, wonder, wonder
Where she's gone, gone, gone, gone, baby's gone

Ooh, yes, I tried to change her
Tried to re-arrange her personality
Ooh, thought I'm playing out
I just cannot seem to face reality

I can't sleep at night, got no appetite
Everything is wrong that used to be right
Since she's gone, gone, gone, gone, baby's gone
I wonder, wonder, wonder
Where she's gone, gone, gone, gone, baby's gone

It's a mystery I cannot explain
All it feels I got are heartaches and pain
Since she's gone, gone, gone, gone, baby's gone
I wonder, wonder, wonder
Where she's gone, gone, gone, gone, baby's gone

Gone, gone, gone, gone, baby's gone
I wonder, wonder, wonder
Where she's gone, gone, gone, gone, baby's gone
