Love Never Felt So Good

Johnny Mathis

Baby love never felt so good
And I always knew it would
Cause when you hold me hold me

Baby love never felt so fine
And I think about the time
Somebody told me
They told me
When you find the one
Who wants your heart
Give it up
Never stop
Don't look back for more

Because baby
Every time I see you
In and out of my life
Something tells me
Baby I should try to get you
More and more in my life
Cause when Im with you
Baby love never felt so good

Baby love never felt so right
Like it does with you tonight
Taking it slowly
So slowly

Oh baby
Baby feel the way I do
Second nature holding you
Why dont you show me show me
When you find the one
Who wants your heart
Let it go
Make the show
Don't look back
Just go for it

Because baby
Every time I see you
In and out of my life
I go crazy
Baby I just gotta get you
More and more in my life
When Im with you
Love never felt so good

I know one tune
One tune baby
Girl why dont you let go

Dont look back
Never stop
Dont look back
Just go for it

Cause baby
Every time I see you
In and out of my life
I go crazy
Baby I just gotta get you
More and more in my life
When Im with you
Baby love never felt so good

Love never felt so good
It never felt so good
Love never felt so good
It never felt so good
Love never felt so good
It never felt so good
Love never felt so good
It never felt so good

Cause baby
Every time I see you
In and out of my life
I go crazy
Baby I just gotta get you
More and more in my life
When Im with you
