

# My Love for You

Johnny Mathis

My love for you is deep and endless as the sea  
Strong and mighty as a tree  
My love for you

My eager heart keeps beating just for you alone  
Since the moment it has known  
My love for you

There'll be no other lips, no other arms  
No other love for me  
Feeling as I do, how could there be?

And so it will be far beyond eternity  
Ever faithful, ever true  
My love for you

So it will be far beyond eternity  
Ever faithful, ever true  
My love for you  
My love for you
