

Stairway to the Sea (Scalinatella)

Johnny Mathis

Deep in the night
I climb the stairway to the sea
And pretend you are there beside me
So close beside me, watching the sea

I see us there upon the stairway to the sea
Where the mist softly kiss two lovers
Hiding from others
Our love by the sea

Why try to find a new love
When your voice keeps calling me
I'm just a lonely prisoner of the stairway to the sea
And there you'll find me waiting for the day of your return
But till that day how memories can burn

This is my pray upon the stairway to sea
That you will soon be there before me
Whispering adore me
There by the sea

And there you'll find me waiting for the day of your return
But till that day how memories can burn

This is my pray upon the stairway to sea
That you will soon be there before me
Whispering adore me
There by the sea
There by the sea
There by the sea
