Strangers In The Night

Johnny Mathis

Strangers in the night Exchanging glances Wondering in the night What were the chances Weep sharing love before the night Was true Something in your eyes Was so inviting Something in your smile Was so exciting Something in my heart told me I must have you Strangers in the night Two lonely people We were strangers in the night Up to the moment when we said Our first hello Little bit we know Love was just a glance away A woman gracing dance away And ever since that night We've been together Love at first sight In love for ever It turned out so right For strangers in the night
