

# There You Are

Johnny Mathis

There you are  
The girl, I'd love to walk with  
There you are  
And here am I  
Don't pass me by, my love

Yes, there you are  
The girl, I'd love to talk with, if I may  
I'd like to say, you're simply wonderful

You are like sweet cherry blossoms  
And gardenias blooming in May  
You are like soft summer roses  
Darling, stay  
My darling, stay

Just as you are  
And let me always be there where you are  
I found my star  
My darling, there you are

There you are  
And let me always be there where you are  
I found my star  
My darling, there you are  
I found my star  
My darling, there you are
