

Very Much in Love

Johnny Mathis

Oh, I was young and starry-eyed and very much in love
So very much in love with you
And I was shy in many ways and very much in love
And nothing but your love would do

For you were sweet and wonderful to set my heart aglow
Oh, that was long ago when life was new
Now I'm not so young or starry-eyed, I know a thing or two
I'm know I'm very much in love with you

Now I'm not so young or starry-eyed, I know a thing or two
I'm know I'm very much in love with you
