

We Must Be Lovin' Right

Johnny Mathis

Some folks got nothing but trouble
So little joy in their lives
But wherever we go happiness follows
We must be lovin' right

It might be the way I adore you
Or the way that you hold me tight
I don't know the reason but still I'm believing
We must be lovin' right

All our friends say love fades away with time
But I know their wrong
'Cause they've never known
A love like yours and mine

So if the whole world goes crazy
Let everyone else fuss and fight
When all is said and done, we'll be the lucky ones
We must be lovin' right

Some folks got nothin' but troubles
So little joy in their lives
But wherever we go happiness follows
We must be lovin' right
We must be lovin' right
