

# You Love Me

Johnny Mathis

I'm so in love with you, please love me  
Whatever else you do, just love me  
Go your way and dance and play  
'Til dawn breaks through  
If you'll just call up and say  
"I love you, just you"

You're all that I desire, love me  
I'd die if you should tire of me, love me  
I'll be kind and I won't mind  
If you're not near  
If you'll only love me, dear

Love me  
I'll be kind and I won't mind  
If you're not near  
If you'll only love me, dear
