

# You Got Soul

Johnny Nash

(You got soul)  
(You got soul)  
(You got soul)

Hey, I can tell by the way you walk  
You got soul, soul  
I can tell by the way you talk  
You got soul, soul  
You somethin' deep inside  
Nothin' in the world can hide

Yeah, you got soul  
(You got soul)  
Baby baby baby, you got soul  
(You got soul)

Oh yeah  
I can tell by the way you move  
You got soul, yeah  
Oh I can tell by the way you groove  
You got soul

You got somethin' good as gold  
Somethin' that'll never grow old  
Yeah, you got soul  
(You got soul)  
Yeah, you got soul  
(You got soul)  
Ohhh, soul is hard to find  
So why don't you come on now  
And let it shine  
Just let yourself be free  
So the whole wide world can see  
(Soul, soul, soul)

Yeah, I can tell by the way you dance  
You got soul  
I can tell by the way you romance  
You got soul  
You somethin' deep inside  
Nothin' in the world can hide

Yeah, you got soul  
(You got soul)  
Yeah, you got soul  
(You got soul)  
Ohhh ohh, you got soul  
(You got soul)  
Yeah yeah, I can tell by the way you walk  
(You got soul)  
Can tell by the way you talk  
(You got soul)  
Tell by the way you move  
(You got soul)
