

Once You've Had The Best

Johnny Paycheck

I'm so glad to have you back within these arms of mine
I can finally go to sleep and get some rest
Never once did I think of finding someone new
'Cause there's nothing better
Once you've had the best

You're the very thing they sing about in love songs
And one mistake don't mean you've failed the test
And as I lay beside you softly sleeping this I know
There's nothing better
Once you've had the best

Within your arms I've had the best
And I think the world should know
I don't care what you've said or done
I'll always love you so

You've got more love
In your little finger than all the rest
And there's nothing better
Once you've had the best

Within your arms, I've had the best
And I think the world should know
I don't care what you've said or done
I'll always love you so

You've got more love
In your little finger than all the rest
And there's nothing better
Once you've had the best

No there's nothing better
Once you've had the best
