

She's All I Live For

Johnny Paycheck

She's all I live for and I'm so proud to have her for my wife
She's all I live for she's the most important woman in my life

Without her love my life would be just an empty shell
I need the comfort her love gives when things don't go so well
Our lives are full of happiness as her love guides away
And in her arms I'm safe in sayin' love is here to stay

Oh, she's all I live for, she's all I live for
She's the most important woman in my life
