

# Brother, Where Are You?

Johnny Rivers

A small boy walked down a city street  
Hope was in his eyes  
As he searched the faces of the people he'd meet  
For one he could recognize

Brother, where are you?  
They said you came this way  
Brother, where are you?  
They said you came this way

(Looking for a soul brother all around me)  
(Looking for a soul brother all around me)

The eyes of the people who passed him by  
Were cold and as hard as stone  
The poor boy whimpered and began to cry  
Because he was all alone

Brother, where are you?  
They said you came this way, yeah  
Brother, where are you?  
They said you came this way

(Looking for a soul brother all around me)  
(Looking for a soul brother all around me)

Now there are many who swear it's true  
That brothers are we all  
But yet it seems there are very few  
Who will answer a brother's call

Brother, where are you?  
They said you came this way, yeah  
Brother, where are you?  
They said you came this way

Now there are many who swear it's true  
That brothers are we all  
Yet it seems there are so few  
Who will answer a brother's call

Brother, where are you?  
They said you came this way, yeah  
Brother, where are you?  
They told me you came this way

(Looking for a soul brother all around me)  
They said you came this way  
(Looking for a soul brother all around me)  
Said you came this way  
(Looking for a soul brother all around me)  
I know you came this way  
(Looking for a soul brother all around me)  
Know you came this way, I know you came this way  
(Looking for a soul brother all around me)  
(Looking for a soul brother all around me)  
(Looking for a soul brother all around me)
