

# Don't Let The Rain Come Down

Johnny Rivers

Stopped by your house on my way home  
Knocked on your door - you were gone  
I was standin' there at a quarter to three  
Thinkin' woman oh woman, where can you be?

Don't let the rain come down  
Don't let the rain come down  
Don't let the rain come down  
In this heart of mine

I try to believe love will pull us through  
But do you love me, like I love you?  
I try to believe everything you say  
Oh, but one more storm gonna wash my heart away

Don't let the rain come down  
Don't let the rain come down  
Don't let the rain come down  
In this heart of mine

If you been cheatin', if you been lyin'  
I don't want to see  
Lord, I'd rather be blind

Don't let the rain come down  
Don't let the rain come down  
Don't let the rain come down  
In this heart of mine
