## **Fire And Rain**

## **Johnny Rivers**

Just yesterday morning they let me know you were gone Suzanne the plans they made put an end to you I walked out this mornin and I wrote down this song I just can't remember who to send it to

I've seen fire and I've seen rain I've seen sunny days that I thought would never end I've seen lonely times when I could not find a friend But I always thought that I'd see you again

Wont you like down upon me Jesus You gotta help me make a stand You just got to see me through another day My bodys achinand my time is at hand I wont make it any other way

I've seen fire and I've seen rain I've seen sunny days that I thought would never end I've seen lonely times when I could not find a friend But I always thought that I'd see you again

Been walkin my mind to an easy time My back turned towards the sun Lord knows when the cold wind blows it'll turn your head around Well there's hours of time on the telephone line to talk about things to come Sweet dreams and fine machines in pieces on the ground

Oh I've seen fire and I've seen rain I've seen sunny days that I thought would never end I've seen lonely times when I could not find a friend But I always thought that I'd see you baby, one more time again Thought I'd see you one more time again There's just a few things comin my way this time around Thought I'd see, thought I'd see you
