## We Believe In Happy Endings

## **Johnny Rodriguez**

Who can tell just how it starts Angry words and broken hearts Till silently we sit apart You and I

But in a while, the anger's gone We forget who's right or wrong And one of us end it all With a smile

We believe in happy endings Never breaking, only bending Taking time enough for mending The hurt inside

We believe in new beginnings Giving in and forgiving We believe in happy endings You and I

Just a word is all it takes And so at last the silence breaks And looking back it makes us ache For what we've done

And so we cling together now And wonder why we're oh so proud And all that matters anyhow Is our love

We believe in happy endings Never breaking, only bending Taking time enough for mending The hurt inside

We believe in new beginnings Giving in and forgiving We believe in happy endings You and I
