

Diary Of A Lover

Johnny Thunders

Oh-oh I love her so
Even though, we just me
Maybe I'm foolish, but maybe some things are mean
Was it her hair, dark as the night
And in the light, I'll make her mine

Oh-oh her dairy of a lover

Yeah I tell her I love her
Even though I share her
I'm still fortunate
Just getting to know her
Makes me remember things I forget

Oh-oh, she's such a girl
Oh-oh, yeah she's living in my world

Every time I see her
She's got punch in
Her times so limited
Cause she's still living with him

Oh-oh, she's such a girl
Oh-oh, yeah she's living in my world

Well let me tell you, you guys
You all got it all so hard
You got to fight so hard
Just for some love
Too bad sucker, your not in a band
It's so easy it gets out of hand
But who really cares
