

# It's Not Enough

Johnny Thunders

You can give me this  
You can give me that  
You can give me this  
You can give me that  
It's not enough

Money's so green  
So casually seen  
It don't bother me  
It's not enough  
It's not enough

Every town I go in  
Every street I walk down  
I can get anything I want  
I just lay my cards down

I can count on diamonds  
Rubys as well  
Oh big deal baby  
I still feel like hell  
It's not enough  
It's not enough  
Oh you can take it

Every town I go in  
Every street I walk down  
I can get anything I want  
I just lay my cards down

I can count on diamonds  
Rubys as well  
Oh big deal baby  
I still feel like hell  
It's not enough  
It's not enough  
It's not enough
