

It's Not Enough

Johnny Thunders

You can give me this
You can give me that
You can give me this
You can give me that
It's not enough

Money's so green
So casually seen
It don't bother me
It's not enough
It's not enough

Every town I go in
Every street I walk down
I can get anything I want
I just lay my cards down

I can count on diamonds
Rubys as well
Oh big deal baby
I still feel like hell
It's not enough
It's not enough
Oh you can take it

Every town I go in
Every street I walk down
I can get anything I want
I just lay my cards down

I can count on diamonds
Rubys as well
Oh big deal baby
I still feel like hell
It's not enough
It's not enough
It's not enough
