

(she's So) Untouchable

Johnny Thunders

Can't close my eyes
when she's around
my Heart stops and goes again
I'm lost and then I'm found
its getting so hot in here
I gotta let you know
cause you make me crazy
if I only let you die now
She's so un- tou ch able
She makes me un control lable
If only she'd know how
how I really felt
maybe Things would work out
maybe I would find out
but maybe my Head's in the clouds
and I don't even know
cause she is so pretty ahhhh...
she knocks the Boys out cause now
She's so un- tou ch able
but I touch her
She's so un- tou ch able
But what can I say
it's getting a long Day
some Girls may walk on by
but I don't think of hug anyway
some Boys may beg like a Dog
some Girls beg, beg beg too
but what can I say but
Bon Voyage Baby cause now
