

## So Alone

Johnny Thunders

Well I'll just tell you what you wanna hear  
I won't break your girlish fears  
I try to get close, I couldn't get near  
If I tell you too much, baby, I'll get smeared

Said red light, green light  
You never stop  
Always tryin' to word me out  
Now I know, what you're boppin' about  
I'll just tell you what you wanna hear  
If I tell you too much, baby, I'll get smeared

(spoken) Seems like everytime  
I try to love somebody  
It's that same old story  
I try so hard  
I give it everything I got  
But in the end  
I'm the one whos

I'm so all alone  
I'm so alone  
I'm so all alone  
I'm so alone
