

Am I Here?

Johnny Winter

Am I really here?
Are you really there?
Is this anywhere?
I don't really care

I just love the way you feel
But I wonder if you're real
Things just aren't the way they seem
I think this is someone else's dream
You know that I don't really see
You know that you imagine me
Now you know you're all alone
Without me you might have never known

Don't you know I want to live with you?
Think of all the things that we could do
I could show you things you never knew
All our dreams must die before they're through
And then there's something new
I'll get there way ahead of you

Am I really here?
Are you really there?
Is this anywhere?
I don't really care

Am I really here?
