

# Bad Luck Situation

Johnny Winter

Yeah, woo

The full moon, it is rising and the rain is falling down

Looking for my woman but she ain't nowhere around

Woohoo

She in a bad luck situation, gonna shoot my baby down

I don't share or have no mercy, I got murder on my mind

She in a bad luck situation 'cause she treat me so unkind

Woohoo

Just like today you livin' but tomorrow you could be dying,

Yeah

Oww, yeaah, (boogie, with it)?

WooOOoo, alright, yeaah

Got my mojo in my pocket

Got my pistol in my hand

I've been thinkin'. I've been wonderin', but I just don't understand

Gonna sure enough fix my woman where she don't meet no other man

Uhh, woo, alright, oww
