

## Bad Luck Situation

Johnny Winter

Yeah, woo

The full moon, it is rising and the rain is falling down  
Looking for my woman but she ain't nowhere around  
Woohoo

She in a bad luck situation, gonna shoot my baby down  
I don't share or have no mercy, I got murder on my mind  
She in a bad luck situation 'cause she treat me so unkind  
Woohoo

Just like today you livin' but tomorrow you could be dying,

Yeah

Oww, yeaah, (boogie, with it)?  
WooOoo, alright, yeaah  
Got my mojo in my pocket  
Got my pistol in my hand

I've been thinkin'. I've been wonderin', but I just don't understand  
Gonna sure enough fix my woman where she don't meet no other man  
Uhh, woo, alright, oww
