

Bladie Mae

Johnny Winter

You know I got a brand new friend and I calls her Bladie
Mae

You know I got a brand new friend and I calls her Bladie
Mae (I have to kill that)

And if I run into trouble she's bound to make somebody
pay.

You know I treat my Bladie Mae fine and you know she's
always sharp (she looks sharp)

You know I treat my Bladie Mae fine, know she's always
sharp

You can always tell her Bladie Mae even if you feel her
in the dark.

[Instrumental]

So please don't start no trouble or Bladie Mae be comin'
round

Don't start no trouble, Bladie Mae be comin' round

And if you get on her bad side, you're gonna end up on
the ground.

Yeah, Bladie Mae goin' getcha ...
