

Don't Hide Your Love

Johnny Winter

Ooh, you're the kind of girl who could change my world
If you just take hold of my hand now
Make the mountains scream, drive my brain machine
But you don't seem to understand now

Turn me inside out and upside down
Take me down low
But you keep it hidden deep inside
So it's got nowhere to go

Don't hide your love
Don't hide your love
Don't hide the love that you're afraid to feel
That's a low down dirty deal

You got miles and miles of deep-sea smiles
But I never seen them surface
You got this and that and the other thing
But you don't realize their purpose

How can you be so damn naive?
You cause me some frustration
You keep it under lock and key
Why don't you try my combination?

Don't you hide your love
Don't hide your love
Don't you hide your love that you're afraid to feel
That's a low down dirty deal

Such a dirty deal

Don't hide your love
Don't hide your love
Don't hide your love 'cause you're afraid to feel
That's a low down dirty deal

Such a dirty deal
Such a dirty deal
Don't hide your love
Oh girl
