

Everybody's Blues

Johnny Winter

Got the blues about my baby and man, she got the blues about me
This time I been thinkin' 'bout my lifetime used to be
Man, I'm lookin' for a good time, travel all the world I see, a
ll I see
I'm singin' everybody's blues, everybody down on me

You know, ain't nothin' but trouble when your woman got another
man
Can't see her when you want to, got to get her when you can
That's why I'm lookin' for a good time, travel all around the w
orld I see
Singin' everybody's blues, everybody's down on me

Yes, yes...

(Go on!)

You know I don't trust the government, girl, for any reason
My friend is actin' funny too
Don't ask me nothin' about nothin',
Havin' bad luck just like you

I'm gonna have a good time, travel all the world I see
I'm singin' everybody's blues, 'cause everybody's down on me

(Yeah, everybody, everybody's down on me
You know baby, you know what I'm talkin' 'bout...)
