

## Fast Life Rider

Johnny Winter

Don't believe a word you said  
I can't stand the way you do  
Lordy, Lord I'll wait  
Comin' home to you

Lord at first I'd rather  
Sit and listen to you  
Going down

Stayed out last night  
And the night before  
I done changed the lock  
Woman on my door

Well Lord at first I'd rather  
Sit and listen to you  
Well, it's lies that's all

Yeah!

Ohhhh, ohhhh!

Done bought me a ticket  
The trunk's already gone  
Lord don't bother  
Ain't gonna be here long

Lord first I'd rather  
This be the last of you  
Goin' down  
Ohhh, ohhh!
