

# Gone for Bad

Johnny Winter

My friends say your gone for good  
It makes me feel so sad  
But I could tell them if I would  
You're not gone for good  
You're gone for bad (gone for bad)  
You're gone for bad (gone for bad)

Yes I could tell them all  
The many nights I've cried (nights I've cried)  
Tell them how I fell in love  
Well it would hurt my pride (hurt my pride)  
Nothing else calls that I still care  
This pain is wrong and I feel bare  
They say its wrong or would oh how I wish you had (wish you had  
)  
No you're not gone for good, you're gone for bad (gone for bad)  
Gone for bad (gone for bad)

My friends wouldn't call it good  
If they only knew (If they knew)  
You left me for a guy that never will love you (will love you)  
But when he's gone you'll sit and cry  
You'll feel alone the same as I  
He'll be gone for good  
But baby I'll be glad (I'll be glad)  
Yes he'll be gone for good, and not for bad (gone for bad)  
Gone for bad (gone for bad)  
Gone for bad (gone for bad)  
Gone for bad...
